DPD 4537-59

1 July 1959

MEMORANDUM FOR: Chief, Materiel Branch, DPD

SUBJECT: Requisition 913-46-584-59

1. On 7 May 1959 the Air Section in conjunction with your office submitted Requisition 913-46-584-59 requesting that one Cessna 310 tip tank be procured as soon as possible and not later than 15 June 1959 for shipment to Heli Corporation. This tank was to be used by Heli engineering personnel to determine the suitability of installation on the Heli Twin 500 model. If suitable it would increase the range of our new twin approximately 700 NM.

2. Heli has queried the Air Section as to the delivery date and stated that unless it was available in the immediate future the target date for the first aircraft would be delayed.

3. Request that the status of this requisition be determined and approximate shipping date be furnished the Air Section who will notify the Heli Corporation.
